About The College (MRIET)
Malla Reddy Institute of Engineering & Technology, the jewel in the crown of Malla Reddy Group of Institutions (MRGI) was established in the year 2007 with the approval from AICTE, permanent affiliation to JNTUH, accredited by NBA & NAAC and it is UGC autonomous Engineering Institution. The college is located at Maisammaguda, Dhulapally, Secunderabad, Telangana, India. The institute offers B. Tech courses in Computer Science & Engineering, CSE (Data Science), CSE (Artificial intelligence & Machine Learning), IT and ECE branches. Our vision is to provide quality education instead of just a mere act of teaching learning but should stretch beyond such narrow definition to inculcate sound human values, respect for tradition and an outlook that prepares individuals ready to face challenges in life ahead.

We develop the students with leading capabilities to perform their best in technical fields. We also emphasize on empowering them by providing training in Soft Skills and Personality Development which will enable them to succeed everywhere with a spirit of challenge and ambition

About the Department of Humanities & Sciences (MRIET)
The department of humanities and sciences (H&S) was establishing in the year 2007 in Malla Reddy Institute of Engineering and Technology. We have been providing the best basic necessary skills for the upcoming engineers. The department provides the basic knowledge of English Language and communication, fundamentals of Mathematics, applications of Engineering Physics/Applied Physics and Engineering Chemistry considered the foundation of engineering education.

The Department has highly qualified experienced faculty members, among them 5 are Doctorate Degrees holders and 4 are pursuing Ph.D. degrees in their respective subjects. The department of Science and Humanities build a strong foundation and offers multi-disciplinary subjects in the first year, which allows them to shape the career for the rest of their life.

English is global language so every student of engineering streams must have a good command of English communication (both Oral & Written) skills. To develop students’ English language proficiency, we have been teaching and training the students on fundamentals of English Language like Phrases, Sentence Structure, Vocabulary, Oral Reading ability, Listening Understanding-Appropriate Speaking.

About the Conference:
A Two –day International Conference on English Language, Literature, Communication Skills & Soft Skills (ELLCS-2023) is being conducted by the Department of Humanities & Sciences, MRIET, to provide an opportunity to connect the researchers and the academicians. The conference will also provide a scope to the faculties to interact with international speakers. Research scholars and Professors can interact with session chairs related and working on relevant fields of their research. It will bridge the gap between industrial experts and academia.
In present scenario, English as a Global Language has become a medium to propagate ‘Multi-Cultural’ and ‘Multi-Lingual’ relationship among the individual and society. The aim of this International Conference is to facilitate the participants to share, discuss and explore creative teaching and learning methods and methodologies. We, on behalf of conference committee, are confident that this conference will help the participants to develop new insights into the emerging trends in English Language and Literature.

Conference Objectives:
The primary purpose of this (ELLCS-2023) International Conference is:
1. To provide a global platform to all the Students, Research Scholars, and Professors of English Language & Literature.
2. To create Multi-Cultural & Multi-Lingual environment among all the participants.
3. To brainstorm English Language Teaching & Learning new methods, methodologies in the post-Covid Era.
4. To recognise the importance of Communicative approach for teaching & learning English Language.
5. To expose to World Englishes (British English, American English, African English, and Indian English).
